Introduction

Hi, Onome Maureen here, and I'd like to thank you for obtaining a copy of my BONUS report **Fastecash Crazy Affiliate Cash** aka **How To Make Quick and Easy N91,000 in 7-14 Days ONLINE into Your Bank Account WITHOUT a Product or Salesletter**

As an online business Coach and Consultant domiciled at www.onomemaureen.com I'm often asked by most online business wannabes either one of these questions:

Question #1: How can I make money online?

My answer to this question is "To make "real" and "consistent" money online you need to SELL something – Yes, you need to sell either a Product or Service ONLINE"

But many complain that they do not know what to sell! This report you have in your hands will answer this question for you

Question #2: What online business can I start that will not take my time and so much money?

Here is my candid answer to this question >>> You need to start an Affiliate Marketing Business!

I recommend that if you do not have the time or so much money to invest in your own indepth Online **Products** Business, then you should go for the Affiliate Marketing Business.

Fortunately again, this report is all about Affiliate Marketing in Nigeria.

Yes, you can make a consistent income online as an Affiliate Marketer in Nigeria and what you have in your hands is simply a **BASIC Affiliate Marketing Training**.

What is the Affiliate Marketing Business?

The Affiliate Marketing Business is a business that involves receiving a commission by referring someone else to purchase a company's product or service **through you**.

This means you become **an affiliate** of such companies. An example is as follows:

Company X is a company that sells televisions. Company X has an affiliate program (which is free to join) that will reward an affiliate 5% of the product price if they refer a paying customer to their site.

If the customer buys a television that is \$1500.00, the affiliate gets a commission of \$75.00

If the affiliate refers 5 paying customers that day, they will make \$375.00.

Though we are talking in dollars, let me give you a typical example of how the Affiliate Business works even offline in Nigeria.

Have you ever been to Yaba market in Lagos? Assuming you want to buy a particular color of a shirt and the shop where you entered does not have it.

See affiliate marketing in display>>>

The shop attendant either tells you to wait and goes to bring the color you want and you pay him or he takes you to another shop where you can get the color you want and you pay.

But what you may not have realized is that:

1. If he brings the shirt to you, he adds his commission to the cost of the shirt and he receives that commission – He becomes an affiliate

How To Make Quick and Easy N91,000 Online in 7-14 Days into Your Bank Account Without a Product

2. If he takes you to his friends shop, his friend would add his commission for bring a customer to him – He pays you as an affiliate

Here is another example, my dad is a medical doctor and his hospital has an outsourced laboratory attached to it.

When patients are referred to this lab through his hospital, my dad gets a commission each time he does this. He is now an affiliate.

I'm certain you too would have 1-7 other examples you have seen or practiced yourself as an affiliate.

So this online business works big time!

The really cool thing about the Affiliate marketing business ONLINE is that you could get up to 40%-70% commission as an affiliate which the OFFLINE model will not give you.

Sometimes, you can even get up to 100% commission as an affiliate on the product that you refer.

Here are 11 reasons Why Affiliate Marketing Is An Ideal Online Business For You:

11 reasons Why Affiliate Marketing Is An Ideal Online Business For You

Here are 11 reasons Why Affiliate Marketing Is An Ideal Online Business For You:

#1 - No Production Costs – The cost to develop and produce a new product is high for almost anyone who wants to start a home-based business. With the affiliate business even in Nigeria production costs are zero. The product has been developed and proven – and even a website designed free of charge for you.

#2 - Low Cost Set-up – Compared with building a brick and mortar store, starting an Affiliate home-based Internet business is relatively cheap. All you need is have access to the internet, a website or blog, computer, MS word and basic training to get started.

#3 – High Affiliate commissions in Nigeria works - Yes, you can make cool cash online as a Nigerian Affiliate marketer using our own Alternative to Clickbank affiliate marketing platform called Fastecash. Plus you can earn a high 50% commission on any product without your website or product.

#4 - You don't need your own product – You are placing an ad on your site with your affiliate link (the link identifies you to the retailer of course so you can get paid.) The customer then clicks on the link and for any purchases they make you are paid a commission. This means you can sell anything you are willing to advertise, and you don't need to set up credit card facilities, shopping carts or store products!

#5 - Your Pay is unlimited - When you work for someone else, they decide how much you are worth. When you work for yourself, you decide how much you are worth. Affiliate Marketing is a job in which the harder you work, the more you make.

#6 - You choose your own hours – At a regular 9-5 job, they tell you what hours they want you to be there without considering your wants or needs. When is the last time you weren't able to attend an important function because of your job? As an affiliate marketer, you choose your hours.

#7 - No Customer Service Concerns - Do you hate the prospect of dealing with nasty people or customer complaints? Don't worry about it! The merchant handles the snivelers.

#8 - You won't get fired - Let's face it. The economy is not doing the greatest. When you work for someone else, you always face the chance of getting let go. With affiliate marketing, as long as there are products being sold online, you will have a job.

#9 - You can make money from your hobby - The good thing about affiliate marketing is that it is not limited to certain products. There are affiliate programs for all types of people with all types of interests. If you have a particular hobby, you can make money off of something you are passionate about.

#10 - It can be fun - Don't get me wrong, there is work involved in Affiliate Marketing. However it can be fun. One crucial part of online marketing involves researching. Although research is involved, it is done by browsing and posting in forums, social networking sites, and video sites. Research can also involve watching television and reading magazines. What 9-5 job lets you do that?

#11 - Choose From Thousands of Products and Services – What isn't sold online? That list must be shorter than the one describing all that IS sold online. There are thousands and thousands of affiliate programs selling every product under the sun. That makes it easy to find products related to your current or planned web site.

Affiliate marketing business is a very lucrative business, **imagine one of my affiliates right here in Nigeria being paid N110,000+ by us just one week ago**. So it works big time.

But in order to succeed in it, you should have this at the top of your mind that **affiliate marketing is a business** and should be treated as such.

So if you're serious about succeeding as an affiliate marketer, then get yourself a mentor right away and do it right the first time. Which is what this basic training report is all about.

How Affiliate Marketing Works in Nigeria Online

Affiliate marketing in Nigeria works online by you simply going to Nigeria's #1 online products store, register a FREE merchant account and grab an affiliate link from a hot product. You then promote your affiliate link to your friends both offline and online.

You get paid instantly into your merchant account when people buy the products you refer to them via your affiliate link.

These people must pay online either using their own merchant account or paying online via their interswitch or Verve ATM cards.

Affiliate marketing online abroad also works on this same principle. The affiliate has a FREE merchant account called Paypal and people buy products online through their affiliate link in two ways: Either via their own merchant accounts too or their credit card online.

But can I give you an advice?

Always get the people who you refer to pay through your affiliate link to pay online using their merchant accounts. So first thing you tell them is to register a FREE merchant account at www.onomemaureen.com/fastcash.htm

One wow thing about this Affiliate Marketing Business in Nigeria, is that...

...people can pay anytime whether 2 a.m at night and instantly get the products they pay for online.

They do not have to send a payment email or SMS or wait for their payments to be confirmed before they get access to the product they paid for. No, it's INSTANT.

As they pay, they get the product, YOU get your commission too.

Let's get into this training proper.

Step #1 to the Affiliate Marketing Business

You register a FREE merchant account at www.onomemaureen.com/fastcash.htm Follow the instruction by clicking on the link on that page and the picture below comes up. Make sure to fill in your correct name as seen in your bank account so that you can easily cash it.

How To Make Quick and Easy N91,000 Online in 7-14 Days into Your Bank Account Without a Product

Do you see the section called Account Overview with Naira Account reading N0.00? That is the place that will show your affiliate earnings.

Let's assume that 50 people bought the Amazing laptop report through your affiliate link, you would see that **you have earned N75,000** and that Naira Account would be **Naira Account = N75,000.00**

How is this possible?

The product sells at N3,000. Your affiliate commission is 50% which is half of N3,000. So 50 people X N1,500 = N75,000

That's not all, when you hit this 50 people sale, just send me an email me saying "I've Made 50 Sales", email proofs and your fastecash affiliate username, and your fastecash affiliate username, and **I'll send you ANOTHER N16,000** within 24 -48 hours. ***That's a whole \$100 when you convert to Naira.***

This makes you a N91,000 in affiliate commissions through me.

$N75,000 + N16,000 = N91,000$

Wow!!! Right?

We have other BONUS commissions for just 10 sales, 50 sales and 100 sales. By the time you are done, **you would have earned a FREE N60,000 as BONUS for just being our affiliate.**

Let's move on to how to get your affiliate link immediately.

Step #2 – How to Get Your Affiliate Link

So scroll down to the section product where you see the **Amazing Laptop product called How To Get A Brand New N14,000+ Laptop with FREE Shipping** as seen in the picture above.

To get your affiliate link click on the **Promolink** in the red box but before we do so, let me quickly explain some terms:

Price: N3,000 is the cost of the product

Commission: 50% means you take 50% or half of the cost of the product, i.e. N1,500 when someone buys through your link.

Visit site: Means when you click on the link, you would see the salespage of that website freely designed for you.

Promolink: Means when you click on that link, you would see your real affiliate link there for you to copy and use.

It's best to always visit the salespage of an affiliate website to confirm that it is ONLY the fastecash button and not the bank details of the merchant on it.

Because if there are bank details on the website and you are an affiliate, it means that when you direct your friends to that site through your affiliate link, they could pay at the bank and you do NOT receive a commission because the payment was not done through your fastecash link.

So to get your affiliate link click on the **Promolink** and a page comes up like the one below saying:

“Congratulations! You are now affiliated with this product. You can now earn commission by referring people to buy this product.

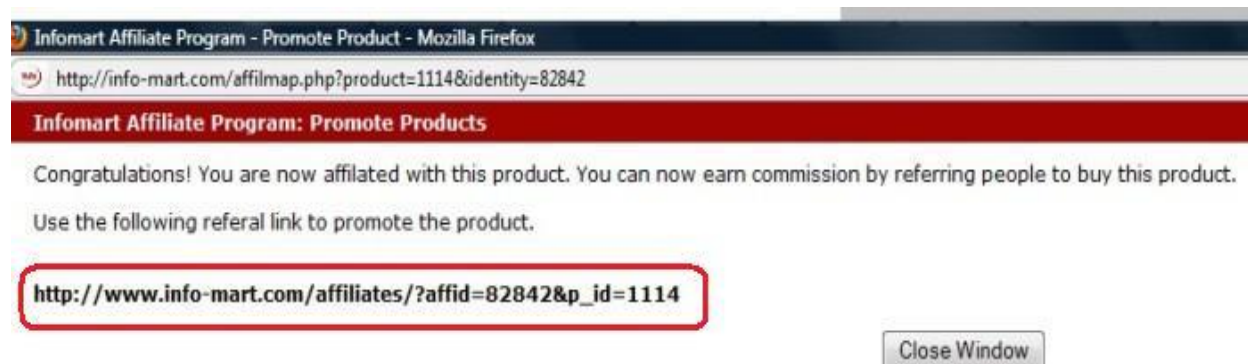

Use the following referral link to promote the product”

http://www.info-mart.com/affiliates/?affid=82842&p_id=1114

As seen below:

The long link beginning with <http://www.info-mart.com/affiliates/>..... **Is YOUR affiliate link** for my Amazing Brand New Laptop report. So copy it and save it as a draft in your email.

But that your affiliate is too long for you to remember and quite ugly. So the next thing you should do is to shorten it and make it pretty.

Step #3 - How To Shorten Your Affiliate Link

Now that you have copied your affiliate link in order to make it smart, you need to shorten it using FREE services online such as www.bit.ly and www.tinyurl.com

But for this example, go online to www.tinyurl.com and the page below comes up:

If you don't put a custom alias, your link would be shortened but it will still contain a mixture of small letters and numbers like <http://tinyurl.com/df35uq>

Sometimes, your shortened custom alias maybe used by another person, so choose another name.

Also, when choosing your alias, choose a name that is related to the product and is easy for you to remember, okay? Like me I chose **cheapminilaptops**
